The first week's assembly was made special by the Ram Sam Dance, The Party Dance, Zumba, Nukkad Natak ....

The students were brimming with lot of energy and enthusiasm.... which kept them motivated for the entire day full of ACTION! FUN! DANCE!

## MY PEN : STUDENTS' CORNER

The buses are here, students are arriving,  
It's a new day at Modern with the sun rising...  
The school bell rings,  
As we spread our wings...  
As soon as the assembly will begin,  
We see the motivation that lies within...  
When the first period initiates,  
we are greeted with smiles.  
As the recess starts, the students show unity,  
As the teachers represent gender equality..  
As the period commences, we take out our books,  
We glance at the beauty of their looks...  
When the departure comes, it's time to depart,  
We bid the school goodbye that is so close to our heart...  
Again the buses are here, students are arriving,  
We are at MODERN with the new sun rising...

## FACULTY INSIGHTS

It's only been a few days at MODERN SCHOOL and I am completely settled here. Be it the school environment, the colleagues or the students, everything makes me feel so energetic and enthusiastic that I wait for the next day to come. **Ms Jennifer David**

Here at MODERN, I have experienced a congenial environment for everyone to grow and develop. Outstanding facilities like smart classes, digital studies and sports facilities help in the holistic development of students.
